Verse 1:

We come from the land of the ice and snow
From the midnight sun, where the hot springs
flow
The hammer of the gods
W'ell drive our ships to new lands
To fight the horde, and sing and cry
Valhalla, I am coming!

Verse 2:

We come from the land of the ice and snow
From the midnight sun where the hot springs
flow
How soft your fields so green
Can whisper tales of gore
Of how we calmed the tides of war
We are your overlords
